

Yes / No Instructions for learners

The teacher or a learner is thinking of a specific word or number.
What is the word or number? The pupils have to find out!

To find out the word or number

- Pupils have to ask questions.
- The teacher or pupil can only answer *Yes / No/ Yes and No/ It's not relevant/ Information unknown*.
- Find out by asking as few questions as possible!

While playing

- The teacher or a pupil writes down the questions. Look at them carefully!
- Think carefully about what you ask!

After the game

- Fill in the Yes / No Challenge sheet.
- How many questions did it take? / Which were the best? Why? / Which didn't help? / Why? / Can you do better next time? / What do you need to improve? / What thinking and working skills would help?
