

Call for posters

Show your work at Turku's university-level event for AI and medicine. Finished results or work in progress, from BSc thesis to senior research: if it sits where AI meets medicine, we want to see it.

About the event. A free, one-day event at Biocity bringing students, researchers, clinicians and industry together around AI in medicine, with keynotes, an expert panel, posters and networking. Now in its 2nd year.

Poster session at AI2Med Turku 2025

1 Who can present

Anyone working or studying where AI meets medicine: BSc, MSc and PhD students, postdocs, clinicians, researchers and industry professionals.

2 Topics

- Medical imaging, radiology and digital pathology
- AI and computational methods: machine learning, deep learning, foundation models, LLMs, modelling and simulation
- Drug discovery, omics and bioinformatics
- Biomedical data, HPC infrastructure and federated learning
- Ethics, regulation and trustworthy AI

Not sure if your topic fits? Send us the title and ask.

3 Why present

Feedback and visibility

One-to-one discussions during dedicated poster slots.

Certificate

A certificate of poster presentation for every presenter.

ECTS for students

1 or 2 ECTS depending on participation, per faculty and programme rules.

Connections

Meet speakers, collaborators and future employers.

4 How to take part

01

Email your title

Send title, authors and affiliations to seyed.m.hosseini@utu.fi
(subject: AI2Med 2026 poster). Abstract optional, max. 150 words.

02

Get confirmed

We confirm your spot by email. Places are limited and given in order of arrival.

03

Register

All presenters register as participants via the form or QR code.

04

Bring your poster

Print it and bring it on the day. Boards and pins are provided.

5 Guidelines

Size	A0 portrait (841 × 1189 mm)
Language	English
Content	Title, authors and affiliations on top; question, method, key result and take-home message. Big figures, little text.
Status	Work in progress and previously presented posters are welcome
Printing	Each presenter prints their own poster
