

# FINDOS Symposium 2024: Current dental biomaterials and future trends

## Programme

Thursday 23 May

- 8.30-8.50**            *Registration*  
*Morning session moderator: Dr. Faleh Abushahba*
- 9.00-9.10**            Opening of the Symposium, Professor Pekka Vallittu
- 9.10-10.20**        **Hybrid Materials in the Digital Era? How do they perform?**  
Professor Murat Mutluay, University of Eastern Finland
- 10.20-11.00**        *Coffee & poster exhibition at Arje Scheinin*
- 11.00-12.00**        **Micro-analysis of dental hard tissues - News in restorative dentistry and cariology?**  
Dr. Konstantin Scholz, University of Regensburg, Germany
- 12.00-13.00**        *Lunch*  
*Afternoon session moderator: Dr. Merve Uctasli*
- 13.00-14.00**        **Contemporary adhesive technologies for direct restorations,**  
Dr. Thiago Stape, Turku
- 14.00-14.40**        **Short Fiber Composite: State of the Art,**  
Docent Sufyan Garoushi, Turku
- 14.40-15.15**        *Coffee & poster exhibition at Arje Scheinin*
- 15.15-16.25**        **State of Art Dental Ceramics**  
Professor Per Vult von Steyern, NIOM
- 16.25**                Closing Remarks
- 16.30 >>**            *Get together: refreshments and finger food in Dentalia*

Friday 24 May

*Moderator: Dr. Jasmina Bijelic-Donova*

- 9.00-10.00**        **Adhesive Dentistry: Silane Aided Adhesion,**  
Professor Jukka Matinlinna, University of Manchester, UK
- 10.00-10.20**        *Coffee & networking*
- 10.20-11.15**        **Additive manufacturing: current status and practical aspects**  
Lippo Lassila, Turku Clinical Biomaterials Centre – TCBC
- 11.15-12.00**        **From bench to the clinic: Development and quality control of dental materials,** DDS Roosa Prinsi, GC Corporation
- 12.00**                **Closing Remarks,** Professor Arzu Tezvergil-Mutluay
